Claytons cell is [903-944-0226](tel:903-944-0226). He may be having trouble with cell towers. Try texting. We are calling out at the plant for him to watch his phone. Here is the physical address of the plant [2902 N Bluff St. Victoria, TX 77901](#). It's located above the flooded area in Riverside Park by the golf course. It has good road access. They should be able to accommodate the RV, if not, there are locations close by.
